

AN ISO 9001:2015 CERTIFIED COMPANY

SEVANA

Stacker Conveyor

Sevana's Stacker Conveyor lets operators manually load a batch of pouches into the stacker section, which then automatically feeds them out one at a time onto the conveyor. As each pouch moves along the conveyor, an integrated printer prints batch numbers, dates, or other codes on it individually. Speed control lets you match the feed rate to your production line for smooth, consistent operation.

SEVANA

Stacker Conveyor

Manual Batch Loading into Stacker Section | Automatic Single-Pouch Feeding | Prints Individually on Each Pouch via Printer Integration | Compact Design — 24cm Width x 125cm Length | Speed-Controllable Conveyor | Smooth, Jam-Free Pouch Feeding

Technical Data	MC4125SBSV1
Dimensions(LxWxH)(mm)	1285x460x900
Voltage/Frequency(V/Hz)	240/50
Power(W)	120
Conveyor Hieght(mm)	755
Conveyor Speed(M/min)	35
Conveyor Width(mm)	240
