Semi Automatic L-Sealers (PTA)

With the PTA (Product Take Away) feature, the operator can insert the next product after the sealing-cutting part of packaging procedure. The machine has adjustable work table height, magnetic hold down mechanism and knife sealing blade.

Technical Data	QS5545LPTA
Machine Dimensions (LxWxH) (mm)	1610x770x1270
Maximum Length of the Product (mm)	500
Maximum Width of the Product (mm)	380
Maximum Height of the Product (mm)	280
Maximum Weight of the Product (kg)	10
Maximum Width of the Film Roll (mm)	510
Power Consumption (W)	1500
Power Supply (V/Hz)	240/50
Machine Weight (kg)	138
