

Stacker Conveyor

Sevana's Stacker Conveyor automatically feeds manually loaded pouches one at a time for individual batch or date printing. Adjustable conveyor speed helps match the pouch feed rate to the production line for a smooth, consistent workflow.

Product Details	MC24125SBS
Product handling	Manual batch loading
Pouch feed	Automatic, one pouch at a time
Printer integration	Individual pouch coding
Speed control	Adjustable conveyor speed
Design width	24 cm
Design length	125 cm
