

Seal-Shrink Combi

Sevana's Seal Shrink Combi combines sealing and shrinking in one compact, mobile machine. Its impulse seal system provides consistent seals, while an air-release system helps produce smooth shrink wrapping without bubbles or wrinkles.

Technical Data	QS4030SL
Sealing length (mm)	400x300
Machine dimensions (LxWxH) (mm)	1250x1100x1250
Voltage/Frequency (V/Hz)	240/50
Power	3800
Film puncturing	Yes
Magnetic hold down	Yes
