

Tabletop Vacuum Packing Machine

Sevana's Tabletop Vacuum Packing Machine is designed for small-scale production and limited workspace, delivering reliable airtight sealing in a compact footprint. Built with a timer-based system and sturdy stainless-steel construction, it is ideal for shops and low-volume packaging needs.

Technical Data	QS400VTS
Chamber dimensions (LxWxH) (mm)	425x456x90 (+55*)
Seal length (mm)	400
Seal width (mm)	10
Max pack size (mm)	390 x 420
Number of sealing jaws	1
Machine dimensions (LxWxH) (mm)	600x700x900
Voltage/Frequency (V/Hz)	240/50
Power (W)	1320
Pump capacity (m3/h)	20
